

How to use one key per driver in Gimme Field

In order to use one key per driver in Gimme Field, each driver will have to link the Gimme Key to their individual iPad.

To link the key:

1. Using the three-lined menu, open **Settings**
2. Tap **Add Gimme Key**
3. Scan serial number on the Gimme Key
4. To remove the Gimme Key, select **Remove Gimme Key**
