How to edit default price for a product

** Entering the price of a product on the **Edit Screen** will result in the automatic use of that value if a price is not entered for that product in a market.

1. Navigate to the **Inventory** page using the three-lined menu in the top left of the screen
2. Click on the product that you want to change
3. Open the red **three-dot menu** in the top right of the screen
4. Click **Edit**
5. Tap within the **Def. Price** field to change the price
6. Click **Next** to save
